## **How to Use Your Product Strategy and Vision to Plan The ...**

A product strategy is a high-level plan describing what a business hopes to accomplish with its product, and how it plans to do so. This strategy should answer key questions such as who the product will serve (personas), how it will benefit those personas, and what are the company's goals for the product throughout its lifecycle.

## **What is a Product Strategy? | Definition and Overview**

Another way of thinking of these product goals is as key success metrics for your product—a way of gauging whether your product strategy is working or needs adjusting. Once you have these goals in place—and, ideally, on a prioritized list of importance—you can then use them to inform your specific plans for features, functionality, and other aspects of the product you're going to build.
